Wedding day management

Three months prior to your big day, we will sit down to create a comprehensive timeline for all wedding events. Approximately 8 hours on the day of your wedding will be committed to managing the timing of the event throughout the entire day. From photographs, ceremony, cocktail hour, and the reception, we will be there to ensure the events flow smoothly, stay on schedule, and are executed flawlessly.

Timeline Creation

A well-written timeline is crucial for a smooth wedding day. There are tons of moving pieces that must fall in line in order for your day to go off without a hitch. Your detailed timeline will ensure the most important elements of your wedding come together and allow you to relax and enjoy the day.

Beginning approximately three months from your big day, we will start the process of gathering details of your wedding to put together the flow of the day. This is a perfect addition for the couple who has everything figured out but needs a bit of assistance in putting it all together!
